Hidden USB power management on the back of cases provides convenient electronics charging.

Brunette

The Brunette finish is a beautiful low sheen, mid-tone brown finish with over 18 steps developed to bring to life the Figured American Walnut veneers and emphasize the beauty of the natural wood grain. As an accent to Brunette, Cameo, a warm ivory finish, appears on the decorative drawer fronts of the Brunette finished Russo Drawer Chest and Russo Credenza, making them the perfect choice for high visibility areas where you need to make a statement.
The Greige finish, available on specific cases in Citation, is a warm gray tone achieved through multiple steps of finishing which still allows the beauty of the wood to show through. This softer color ties back to the custom fabrics in Citations as well as the decorative hardware. White, a cool, pure white finish, is used as an accent on the carved fronts of the Greige finished Russo Drawer Chest and Russo Credenza, creating a dramatic accents for any room.

Each piece of hardware in Citation was designed and shaped for the piece of furniture it is hand applied to. This level of detailed design elevates the collection the way bespoke jewelry makes a wardrobe sparkle. The custom designed hardware on the cases is a soft, low sheen pewter finish, the Citation hardware adds just the right amount of decorative statement to each piece.
